

NON-RFID BRANDED PVC CARDS

HIGH QUALITY. FULLY CUSTOM. 100% NON-RFID.

RFDigi Non-RFID Branded PVC Cards are ideal for applications that do not require RFID or NFC technology. Made from high-quality PVC and printed in full colour, these cards are perfect for branding, identification, promotions and access without electronic functionality.

Fully customisable to reflect your brand, message and purpose – your design, your impact.

FULL COLOUR CUSTOM BRANDING

High quality full colour printing to showcase your brand.

DURABLE & LONG LASTING

Made from premium PVC for everyday use and durability.

GLOSS FINISH

Glossy surface for a professional and vibrant look.

FULLY CUSTOMISABLE

Add logos, text, images, barcodes, numbers and more.

NON-RFID TECHNOLOGY

No chip or antenna – ideal for non-electronic applications.

VERSATILE APPLICATIONS

Suitable for a wide range of business, retail and personal uses.
